PRATIKSHA NAIK

F R E S H E R

PROFILE

I'm new to the world of web design and development, but I'm excited to start this journey in this ever-changing industry. Although I don't have a lot of experience, I have a good understanding of the basics of web design and coding. I'm committed to learning more and keeping up with the latest trends in web development, which will help me become a skilled web designer and developer over time.
